Unity of Invention

35 U.S.C. § 121

1. This application was filed under 35 U.S.C. § 371 and is subject to unity of invention practice pursuant to 35 U.S.C. § 121 and 372. This application contains the following inventions or groups of inventions which are not so linked as to form a single inventive concept under PCT Rule 13.1. In accordance with 37 C.F.R. § 1.499, applicants are required, in response to this action, to elect a single invention to which the claims must be restricted.

- a. Group I, claim(s) 1-6, drawn to a method of screening for therapeutic substances.
- b. Group II, claim(s) 7-13, drawn to a method of protein isolation and purification.
- c. Group III, claim(s) 15, drawn to a method of detecting PrPres in a sample.

The inventions listed as Groups I-III do not relate to a single inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: First, each of the identified groups is directed toward a different methodology (e.g., therapeutic screening assay, protein purification assay, detection/diagnostic assay) that employs fundamentally different scientific reagents and methodology steps. Second, the claimed invention fails to make a contribution over the prior art (i.e., see the ISA Chapter I search report). Thus, the identified groups lack a special technical feature and do not form a single inventive concept as required under PCT Rule 13.1.

2. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined

even though the requirement be traversed. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).
